

SENA USER GUIDE

50S

1. To enable MESH 2.0 on your SENA UNIT.
2. Turn on your SENA UNIT and open the SENA APP
and go to the  gear icon in the upper right corner of the APP on your phone screen and depress the gear icon and look for Device Settings.
3. Depress Device Settings and this will open individual Device Settings within the MESH APP. Scroll down to Intercom and look for MESH 3.0 and make sure it is turned OFF.
4. Close the SENA APP.

11. VOICE COMMAND

The **Voice Command** of the headset allows you to operate certain operations by simply using your voice. You can control the headset completely hands-free using the voice recognition. Multi-language Voice Command supports **English, French, German, Spanish, Italian, Chinese, Japanese, and Russian**.

Note:

- You can set a language to another language by using the **Language** feature on the **Sena Motorcycles App**.
- If you set a language that does not support voice commands, the voice command will work only with English commands.
- You can see the another language's voice command list on the **Sena Motorcycles App**.
- **Voice command** performance may vary based on the environmental conditions including riding speed, helmet type and ambient noise. To improve the performance, minimize wind noise on the microphone by using a large microphone sponge and closing the visor.
